عن شركتنا - About Our Company

انطلقت فكرتنا من خبرتنا في الصناعة والتجارة، واستثماراً لمكانة المملكة في الصناعات البتروكيمياوية، أسسنا أحد أوائل المصانع المتخصصة في إنتاج قطع غيار السيارات البلاستيكية محلياً، لتوفير منتجات عالية الجودة، بأسعار منافسة، ولدعم صناعة السيارات الوطنية من خلال شراكات استراتيجية.

Our concept was born from our experience in industry and trade. Capitalizing on the Kingdom's prominent position in the petrochemical industry, we established one of the first local factories specialized in producing plastic automotive spare parts—delivering high-quality products at competitive prices, and supporting the national automotive industry through strategic partnerships.

رؤيتنا - Our Vision

أن نكون الشركة الرائدة في الشرق الأوسط وأفريقيا في صناعة قطع السيارات البلاستيكية.

To become the leading manufacturer of plastic automotive parts in the Middle East and Africa.

رسالتنا - Our Mission

تقديم قطع غيار بلاستيكية للسيارات 100% سعودية، مصنوعة بخامات محلية، وبإشراف كادر فني متخصص، بما يسهم في تحقيق رؤية المملكة 2030 وتوفير بديل وطني منافس.

To deliver 100% Saudi-made plastic automotive parts using local materials and expert supervision—supporting Vision 2030 and offering a national product that rivals imports in quality and price.

أهدافنا - Our Objectives

- تصنيع قطع السيارات البلاستيكية وتقديمها بجودة عالية وسعر تنافسي.
- دعم صناعة السيارات السعودية من خلال التعاقد مع المصنّعين المحليين.
- تشجيع المستهلك على اقتناء المنتج المحلي وتعزيز الصادرات.
- بناء شراكات استراتيجية لتوفير بدائل وطنية.
- خلق بيئة تنافسية لصالح التاجر والمستهلك.

- Manufacture high-quality plastic parts at competitive prices.
- Support Saudi car manufacturing through local production.
- Encourage local consumption and boost exports.
- Forge strategic partnerships to offer national alternatives.
- Foster a competitive environment for the benefit of traders and consumers.

مراحل العمل وخطوات النمو - Work Stages and Growth Steps

بدأنا المرحلة الأولى بمصنع على مساحة 10,000 م² في الخرج، وننتج حالياً زوايا الصدمات وعدد متنوع من منتجات قطع الغيار البلاستيكية. نخطط للتوسع حتى 100,000 م²، واستهداف الأسواق الخليجية والأفريقية والأوروبية والآسيوية، مع بناء شراكات قوية بحلول عام 2030.

We began the first phase with a factory covering an area of 10,000 m² in Al-Kharj, and we are currently producing bumper corners and a diverse range of plastic spare parts. We plan to expand to 100,000 m² and target the Gulf, African, European, and Asian markets, while building strong partnerships by 2030.

المشاركات في المعارض المحلية والدولية Participation in Local and International Exhibitions

نسعى إلى تمثيل الصناعة السعودية من خلال المشاركة الفعالة في المعارض المحلية والدولية المتخصصة بمنتجاتنا، تعزيزًا لحضورنا في الأسواق ودعمًا لمنتجاتنا الوطنية.

We strive to represent Saudi industry by actively participating in local and international exhibitions relevant to our products—enhancing our market presence and supporting our national products.
